

MissionLINK TOC BOX

A rugged transport hard case to protect your valuable investment

An all-in-one, grab-and-go Internet hotspot and communications kit

The MissionLINK TOC BOX is a rugged to-go kit to transport the Thales MissionLINK Iridium Certus in and out of the field.

Integrate Your MissionLINK

MetOcean offers the full MissionLINK TOC BOX Kit. We can also integrate your existing MissionLINK, or other custom Internet of Things (IoT) requirements, into our case.

Key Features

- Ability to use inside case or move the antenna away from the unit
- Internal battery backup 8Ah or 26Ah 12V option allows for extended use without power
- Rugged construction, simple setup
- No tools required; "Tip n Tilt" install
- Compact size
- Our cases are fielded worldwide
- Plastic molded MissionLINK antenna tray
- 100-240VAC - 24V power supply & the battery box chassis
- The battery box chassis and Thales MissionLINK transceiver is easily removed from the hard case if desired
- Custom battery charge controller built into the ASE ML TOC BOX chassis
